

Directions to Grafenwoehr Training Area (Camp Aachen-Bldg 2104)

1. **Traveling east on A-6**, continue past Nuremberg toward Amberg / Prague. Take Amberg West exit (B299). Follow B299 route/signs to Freihung (approx 21 KM) and Grafenwoehr. You will be making a few turns (i.e. right turn and then left turn) a little while after leaving Amberg so pay attention and stay on B299 direction Freihung/Grafenwoehr. After passing through Freihung you will enter a small town of Tanzfleck and will probably notice a sign that indicates Grafenwoehr Training Area (GTA) 600 meters. After passing Tanzfleck go about 200 meters and take a left into the GTA Gate 4 entrance road. Continue straight on for about 100 meters to reach the Gate 4 checkpoint. Go through the checkpoint and continue on straight, across the tank trail and proceed about 7 kilometers (follow speed limits) until you see the sign (multiple sign board) on the left side of the road that indicates Camp Aachen (IRT sign is on bottom of sign board). Take a right turn, go across the tank trail and continue straight for about 300 meters. Pass through the Camp Aachen entrance barrier then continue on straight for about 70 meters and then keep right at the Y in the road. Continue on about 200 meters and take the 2nd left. Building 2104 (Inprocessing) will be the first building on your left. You can temporarily park in the parking areas for 2104 and 2121 and 2144 (the next 2 buildings on your left).

2. **Traveling east on A6 or A3** toward Nuremberg. Take the A9 exit direction Berlin and continue north on A9 toward Berlin. If you take the A9/Berlin exit off A6 you will need to take another right after a several kilometers at the A3/A9 split so stay right. Continue on A9 till Pegnitz (exit 44). Take the exit and take a left at the T intersection direction Weiden/Grafenwoehr. Continue on and after several kilometers take a right on B470 direction Grafenwoehr / Eschenbach. Continue on B470 until the second Eschenbach exit. The first Eschenbach exit can usually be identified by a fairly large lake on the left of B470 just before the first exit. Continue on for another kilometer and slow down and take the 2nd Eschenbach exit. Follow the road and prepare to take a left turn at the stop light. Continue on through Eschenbach in the direction of Grafenwoehr (about 7 KM). Take a right turn at the T intersection (direction Grafenwoehr) and continue through a stop light and shortly after the ESSO station on your left take a right turn into the Grafenwoehr Training Area (GTA) Gate 3. Proceed through the checkpoint and take a right turn at the 3rd intersection (pass the tank on the right then take a right at the next street). Continue on straight, pass a self-service car wash on your left and then take a left turn at the stop sign. Continue on straight through Grafenwoehr cantonment barriers. Go straight through the intersection and go about 1 kilometer and take the first left at the Camp Aachen sign (multiple sign board, w/IRT as bottom sign).). Go across the tank trail and continue straight for about 300 meters. Pass through the Camp Aachen entrance barrier then continue on straight for about 70 meters keeping right at the Y in the road. Continue on about 200 meters and take the 2nd left. Building 2104 (Inprocessing) will be the first building on your left. You can temporarily park in the parking areas for 2104 and 2121 and 2144 (the next 2 buildings on your left).

2. From A-93 exit Weiden-West (Grafenwoehr) B470. Follow the signs to Grafenwoehr. You will enter Gate #3. Follow above instruction after entry at Gate 3.
